Our Service Promise -

S.E.V.A

At Naksh Facility Services, **S.E.V.A** is not just a framework it is our operating philosophy. Every engagement is delivered through a structured approach that prioritises cleanliness, efficiency, value, and reliability. This ensures consistent service quality, transparent operations, and complete peace of mind for our clients.

Service

Maintaining clean, hygienic, and safe premises through disciplined daily operations.

Efficiency

Well-trained teams supported by supervisors, standard operating procedures (SOPs), and continuous monitoring.

Assurance

Timely delivery, compliance with commitments, and dependable service you can trust every time.

Value

Fair and transparent pricing, measurable quality checks, and results that justify every rupee invested.

Our Core Strengths

What Sets Naksh Facility Services Apart

Naksh Facility Services is built on a foundation of **trained manpower, process-driven execution, and dependable service delivery**. We combine skilled human resources, modern equipment, and flexible engagement models to ensure consistent quality across every site. Our structured approach, attention to detail, and commitment to accountability enable us to deliver reliable, cost-effective, and outcome-focused facility solutions tailored to each client's environment.

Professional Human Resources

Our greatest strength lies in our people. Naksh deploys in-house trained, background-verified, and uniformed staff supported by experienced supervisors. Each team operates under defined SOPs to ensure consistency, discipline, and service excellence across every site.

- In-house trained service teams
- Background-verified & uniformed staff
- On-site supervision and quality control

Equipment & Products

We invest in modern, industry-grade equipment and eco-friendly cleaning solutions to deliver superior hygiene standards. Our methods are surface-specific, ensuring effective cleaning while protecting assets and maintaining environmental responsibility.

- Eco-friendly, industry approved chemicals
- Advanced machines: scrubbers, vacuums, steamers
- Surface-appropriate cleaning techniques

Flexible Pricing Models

Naksh offers customisable and transparent pricing structures designed to suit diverse client needs. Whether it's a one-time service or a long-term engagement, our flexible models ensure value, clarity, and scalability.

- One-time service options
- AMC / subscription-based models
- Customised packages as per site requirement

Residential & Commercial Solutions

Tailored Cleaning Services for Every Environment

Naksh Facility Services offers **customised cleaning and facility solutions** designed to meet the distinct needs of residential communities and commercial establishments. Our structured processes, trained teams, and modern equipment ensure hygienic, safe, and well-maintained spaces—whether it is a home, office, or institution.

Residential Services

- Regular housekeeping
- Deep cleaning (kitchens, bathrooms, mattresses, windows)
- Move-in / move-out cleaning
- Post-renovation cleaning
- Festival & seasonal cleaning

Commercial / Institutional Services

- Office housekeeping (regular & scheduled)
- Retail stores, clinics, gyms, and schools cleaning
- Chair & carpet cleaning
- Pantry & washroom hygiene maintenance
- Disinfection & sanitisation protocols

Our Approach

Outcome-Led Facility Management

At Naksh Facility Services, our approach is driven by a clear focus on **people, process, and sustainability**. Every service is designed to deliver measurable outcomes—cleaner spaces, safer environments, and consistent quality—through disciplined execution and responsible practices.

Our Service Philosophy

- **People-Centric Approach** – Skilled, trained teams committed to delivering consistent service quality.
- **Expertly Crafted Procedures** – SOP-driven execution ensuring efficiency, accountability, and uniform standards.
- **Sustainable Practices** – Use of safe, eco-friendly chemicals and efficient resource utilisation.

Signature 3P Deep Cleaning Method

Our deep cleaning services follow a proven **3P methodology** to ensure superior hygiene and long-lasting results.

Right Products – Industry-approved, surface-safe cleaning solutions.

Right People –

Professionally trained personnel with attention to detail.

Right Procedures –

Structured methods tailored to each cleaning requirement.
